BOLETÍN INFORMATIVO

## Proposals for the Valle del Sol – Cañada Verde

Cumpliendo con Calasparra.

Teresa García  
ALCALDESA 2023

Next Sunday May 28 we celebrate the elections for Calasparra Town Hall and according to the PSOE we are asking you for your confidence to continue delivering our objectives and covering our necessities.

Recently we have begun an Urban Microbus which serves the Valle de Sol and Cañada Verde free of charge. We will extend this service and maintain it being free of charge.

We will strengthen the control of abandoned animals by putting into action the home for abandoned animals recently built.

We will control colonies of wild cats.

We will improve the cleaning of roads in the urbanizations.

We will introduce language classes free of charge.

We will improve the areas of rubbish collection.

A few days ago we created a children's park in the Valle del Sol. We want to continue expanding the green areas and spaces for walking and cycling.

We have included people who live on the Valle del Sol and Cañada Verde in our team so that you have people near to you to report your worries and demands.

We collaborate with MABS, assigning a free space in which to carry out their activities and a subsidy to help with their work.
